August 2020

Dear Class of 2021 Pinkerton Families,

Welcome to your senior year! In a few short weeks you will enter Pinkerton Academy differently than you did 4-years ago. As freshmen you entered as strangers, uncertain to what lies ahead of you and in the past three years you have worked towards goals, been through ups and downs, and with some more hard work will graduate as friends, ready for the next chapter of your life. As seniors, you know the school better than anyone else on campus. Use this opportunity to be great role models to the rest of your peers and use us as a resource when you have any questions about life after Pinkerton.

Throughout the summer, with input and feedback from several community stakeholders, groups made up of people from across our community continued to work on three different reopening plans for the Academy which include in-person, hybrid, and remote instruction. We have looked at all aspects from governance to wellness, instruction, technology, school operations, and facilities. No matter which plan is chosen, our goal has always been to educate our students in an environment that is safe for all. The start of this school year will be different from the start of previous ones, but I know that we will work together, as we always have, to do what is best for our students.

Please be sure to check our website for all start of year documents which can be found under Senior Info from the Students menu on the bar at the top of the homepage.

On behalf of our entire community, I look forward to welcoming you all back to Pinkerton Academy. If you are new this year -- welcome to the Astros family.

Enjoy the rest of the summer!

Timothy J. Powers
Headmaster
