September - December

- Apply
 - While we accept applications on a rolling basis, we encourage applicants to submit their materials by December 1st. This is important because several key events in January are designed to help freshmen integrate into the community. For upperclassmen, submitting by this date also makes it easier to schedule meetings with school counselors and access support while classes are still in session.

Note: The regular education tuition rate for the 2026-2027 school year will be made available by early December. For reference, tuition for the 2025-2026 school year was \$17,226.

- If accepted, you will be prompted to submit a \$300.00 deposit to hold your spot!
 - Contact our Finance Department at [\(603\) 437-5200 x 3117](tel:6034375200).
- Once your deposit is received, we will send you a Data Sheet and R-3 Form to be filled out.
- Then you will receive instructions for completing a Pink Sheet (our course-selection worksheet). You will work with your student's middle school teachers and school counselor to fill it out. This is in preparation for Course Night in January.
